Hi Abigail – I have passed your issue along to ITSD, and they will be deleting the discharge. Once it has been discharged, you should be able to enter the monthly form and re-discharge. In the future, please be sure to enter all monthly forms prior to discharging so that we are not causing a ton of additional work for ITSD.

Subject: A2A question

Good morning.

I was doing my monthly client forms and ran into a little problem. I remembered I had to discharge [REDACTED] within 7 days and took care of that but didn't even think about the monthly form as I planned to do them at the end of the month. How do you want me to proceed at this point?
